Be a Ray of Sunshine

Anna Belle Russell, 1917

George Coles Stebbins

1. Be a ray of sunshine everywhere you go, shining for the Savior with a steady glow; making yourself a blessing every passing day.

2. Be a ray of sunshine everywhere you go; comfort bring to others; they may lift a burden; let them not be few. Be a ray of sunshine everywhere you go, shining for the Savior with a steady glow;

3. Be a ray of sunshine everywhere you go; cheerfulness is needed; help to chase the shadows from this world away, sending forth a message beautiful and bright.

4. Be a ray of sunshine everywhere you go; stars will shine the brighter; in your crown, I know; sunshine brought to others will reflect on you, Heavenly will be the sweeter—keep the end in view.
